

Dear Ladies and Gentlemen, dear MAR family, greetings!

Please find some news on MAR for 2021 June.

INDEX:

11st International Symposium on Managed Aquifer Recharge, ISMAR 11. Call for abstracts EXTENDED UNTIL JULY!!

ISMAR 12. Call for expressions of interest

IAH MAR Commission Newsletters gathered since 2020 February. Whole collection

IWRA-FAO online conference 2021. One Water, One Health: Water, Food and Public Health in a Changing World. 7-9 June 2021

International Symposium on Geofluids, to be held on 7-9 July 2021.

47th IAH Congress- Brazil/Brasil 2021. MAR session

48th IAH Congress- Brussels

Monograph on Artificial Recharge and Rainwater Harvesting on the Developing Countries. Call for action

MAR books repository. 104 free books on MAR. Last update 2021 May

Workshop on MAR in China –Online meeting– March 22nd 2021. Denmark-China. Results published.

Groundwater Technical talk. Malaysia.

Clogging conference organized by UNAM

MARSoluT European H2020 project's webinars

Agencia Nacional de Sustentabilidad Chile. Seguridad Hídrica "Innovaciones desde los territorios y empresas". 2021, June 17th (in Spanish)

Funcagua Guatemala. Series of conferences on water management and Aquifer Recharge (in Spanish).

Conference-Webinar on MAR organized by the Cámara de Comercio de Ica (Perú); 20/05/2021 (in Spanish)

Postdoctoral Fellowship on MAR and Agriculture. USDA, Agricultural Research Service

Research Hydrogeologist position at Department of Geosciences, Boise State University

Old publications on MAR (another drop of nostalgia...).

IAH Commission on Managing Aquifer Recharge. Twitter account.

11st International Symposium on Managed Aquifer Recharge, ISMAR 11. Call for abstracts EXTENDED UNTIL JULY!!

On behalf of GRA, ISMAR 11 organizers and IAH-MAR Commission, the call for abstracts for the 11th International Symposium on Managed Aquifer Recharge (ISMAR11), April 2022 in Long Beach, CA, **HAS BEEN EXTENDED UNTIL JULY.**

Abstracts info: <https://airtable.com/shrGJrx6WU4UG9zUy>

Visit the ISMAR website here: <https://www.ismar11.net/>

Visit the GRA event page here: <https://lnkd.in/gXn6YNz>

Submit an Abstract here: <https://lnkd.in/g9zcMvb>

Register as a Sponsor or Exhibitor here: <https://lnkd.in/g6Sb6ur>

View the Sponsorship Opportunities booklet here: <https://lnkd.in/gKqA4nh>

More info: <https://www.ismar11.net/#about>

Along with the email - Facebook, LinkedIn, Instagram and Twitter all have posts about ISMAR11 on GRC. Please comment, like and share to your networks!

Groundwater Resources Association: email@grac.org www.grac.org

*Former ISMAR 10 conference's site: www.ismar10.net

ISMAR 12. Call for expressions of interest

It is already time to think about ISMAR 12's site, to be announced during ISMAR 11's plenary.

IAH, IAH-MAR Commission, UNESCO and ASCE call for the expressions of interest.

Those institutions willing to host the premier symposium on MAR, ISMAR 12 in 2025, please, inform IAH-MAR Commission co-chairs using the site's contact link: <https://recharge.iah.org/contact-us>

Expressions of interest will be very welcome. The process to select the hosting city should be completed by 2021 October.

We encourage everybody to consider organizing the future edition of this conference.

IAH MAR Commission Newsletters gathered since 2020 February. Whole collection

The whole collection since 2020 Feb. has been posted in our website: <https://recharge.iah.org/newsletters>

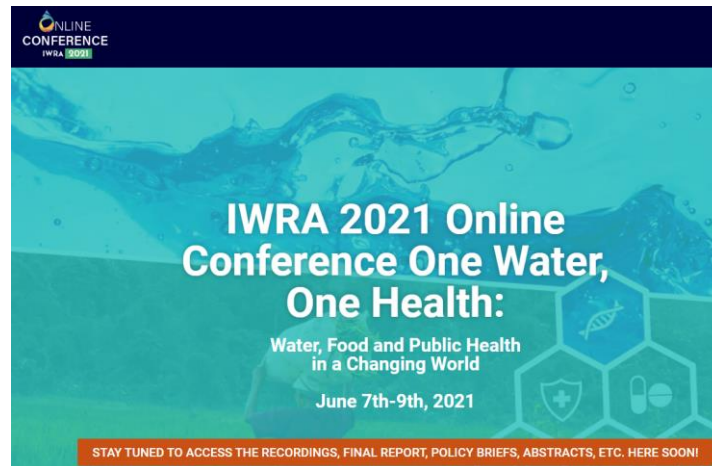

Mirror site in the IAH-MAR sister page: <https://dinamar.tragsa.es/post/iah-mar-commission-newsletters-coleccion-completa-de-boletines-recientes-en-internet>

IWRA-FAO online conference 2021. One Water, One Health: Water, Food and Public Health in a Changing World. 7-9 June 2021

The IWRA-FAO 2021 conference has finished with an intense participation, especially from Easter countries. Some presentation on MAR were exposed in session 1 and 2.

Organizers are about to share the records of the presentations shortly in their website: <https://iwraonlineconference.org>

CONFERENCES WITH MAR SESSIONS:

International Symposium on Geofluids, to be held on 7-9 July 2021.

More info: <https://geofluids2021.hu/circular/2021-03-03.html>

47th IAH Congress- Brazil/Brasil 2021. MAR session

More info: <https://iah2021brazil.org>.

48th IAH Congress- Brussels

About 39 abstracts have been received for session 8 on **Managed Aquifer Recharge**. Thanks to all "MARers" for the participation. Therefore the session 8 is a promising one covering almost a 10% of the total abstracts submission.

NEW BOOKS ON MAR:

Monograph on Artificial Recharge and Rainwater Harvesting on the Developing Countries. Call for action

A Monograph on Artificial Recharge and Rainwater Harvesting on the Developing Countries is being prepared: *"The Centre for Science & Technology of the Non-Aligned and Other Developing Countries (NAM S&T Centre), an Inter-Governmental Organisation based at New Delhi has decided to publish a Monograph on "Artificial Recharge to Groundwater and Rainwater Harvesting in the Developing Countries". The Monograph would highlight the efforts taken in different regions and countries and the knowledge and understanding developed in the domains paving way for cross-learning and knowledge exchange. The Monograph would be edited by Prominent Experts on the field and published through a globally reputed Publisher. Call for articles*

would be announced soon. This information is shared by Dr. Amitava Bandopadhyay, Director General of the NAM S&T Centre."

Info reported by Dipankar Saha, PhD (IIT Dhanbad); Secretary, Indian National Committee- International Association of Hydrogeologists.

BOOKS ON MAR:

MAR books repository. 104 free books on MAR. Last update 2021 May

DINAMAR project's team keep gathering those books of hydrogeology specially dedicated to MAR technique which are available for free on the Internet. The repository is open to everyone and any contribution will be welcome, emailing to: dinamar@tragsa.es.

Please notice that we understand for a book a publication with or exceeding 50 pages. We thank in advance your participation.

TIME FOR WEBINARS

Workshop on MAR in China –Online meeting– March 22nd 2021. Denmark-China. Results published

The organizers have posted the results of this workshop in their website: <https://www.mar-china.geus.dk/about-mar-china/activities/>

There are 10 presentations posted. Some photos and videos are available too.

Groundwater Technical talk. Malaysia.

Info about a future webinar has been received without specific details.

WEBINAR **GROUNDWATER TECHNICAL TALK** **1/2021**
27 July 2021 | Tuesday | 9:30 am – 12:00 pm

TOPIC 1: MANAGED AQUIFER RECHARGE (MAR)
P.Geol Dr Mohd Khairul Nizar bin Shamsuddin
Senior Researcher
National Water Research Institute of Malaysia (NAHRIM)

TOPIC 2: HYDROGEOLOGICAL ASSESSMENT FOR EIA REPORT
P.Geol Mr Zahir bin Yahya
EIA Consultant
Geoqueas

MODERATOR
P.Geol Mr. Nizarul Ikram A. Rahim
Chair of Hydrogeology & Groundwater Resources (HYGRO) Technical Committee

REGISTRATION DETAILS
ADMISSION FEE
IGM/GSM Member: RM30
Non-Member: RM40
Student: RM10
PAYMENT TO
Institute Geology Malaysia
8001 2852 48
CIMB Bank
Reference: 27July <your name>
For enquiries: Izalea | admin@geodream.com.my

E-Certificate will be provided to participants for CPD purpose

Organised by: HYGRO
Supported by: [Logo]
Managed by: GEODREAM

Clogging conference organized by UNAM

Dr. Russell Martin will expose a conference shortly organized by UNAM. Pls, stay tuned to further pieces of news.

MARSoluT European H2020 project's webinars

MARSoluT Dissemination and Communication Activities announce a new series of webinars. Stay tuned at: <https://www.marsolut-itn.eu/news-events/network-events/>

Please, notice there is a new call for an Early Stage Researcher (ESR) in the project: <https://www.marsolut-itn.eu/news-events/news/>

Agencia Nacional de Sustentabilidad Chile. Seguridad Hídrica "Innovaciones desde los territorios y empresas". 2021, June 17th (in Spanish)

CSIRO Chile has reported this webinar on water security. Booking required at:
<https://bit.ly/3eRugcl>

PROGRAMA	
09:00- 09:15	Palabras de Bienvenida Alfredo Moreno Ministro de Obras Públicas y Recursos Hídricos Pablo Terrazas Vicepresidente Ejecutivo de CORFO Giovanni Calderón Agencia de Sustentabilidad y Cambio Climático
09:15-09:30	Proyecciones del cambio climático para Chile en materia hídrica Fernando Santibáñez Universidad de Chile
09:30 - 10:25	Chile y el mundo: ¿Qué estamos haciendo en gestión hídrica? Kenneth Peralta, COSUDE Suiza Claudia Papic, Fondo del Agua Macarena Aljaro, CORFO Francisco Gana, SNA
10:25 - 11:20	Gestión hídrica local Edmundo Claro, CSIRO Gerardo Díaz, Fundación Chile Cristóbal Lira, Municipalidad de La Bachecha.
11:20 - 12:15	Gestión corporativa del recurso hídrico Johana Guzmán, ASCC Angel Espinar, Compañía Minera Buenaventura Jaime Roessler, Frutícola Olmué.
12:15 - 13:10	Soluciones tecnológicas para la seguridad hídrica Enzo García, Bloom Alert Cedric Little, U.Adolfo Ibáñez Javier Meyer, AQUA4D.

Funcagua Guatemala. Series of conferences on water management and Aquifer Recharge (in Spanish).

Funcagua keeps organizing webinars on IWRM and MAR. The full collection are posted in their site: <https://funcagua.org.gt/aula-virtual/>

¿Por qué y para qué hacer recarga hídrica?

Conferencistas:

Ing. Martín Méndez, Experto en recurso hídrico.

PhD. María José Iturbide, Directora ejecutiva FUNCAGUA.

Fecha: 08/04/2021

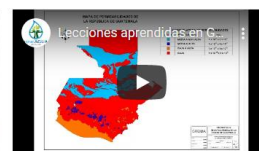

San Salvador: Primera ciudad esponja de Centroamérica

Conferencistas:

Leyla Zelaya Alegria, Proyecto City Adapt.

Fecha: 22/04/2021

Lecciones aprendidas en Guatemala sobre recarga hídrica

Conferencistas:

Ing. Jorge García Chiu, Experto en manejo de recurso hídrico – GREMIA.

Fecha: 29/04/2020

Conference-Webinar on MAR organized by the Cámara de Comercio de Ica (Perú); 20/05/2021 (in Spanish)

Conference: “Implementación de dispositivos de recarga gestionada de acuíferos. Opciones, métodos de selección e integración y ejemplo en el acuífero I-V-L (Perú)”.

Speaker: Dr. Enrique Fernández Escalante; 2021 May 20th, 17 h Lima. Organized by Cámara de Comercio de Ica.

Organizers have shared the webinar video: https://fb.watch/5J_JtexBKr/

Postdoctoral Fellowship on MAR and Agriculture. USDA, Agricultural Research Service

Dr. Andrew M. O'Reilly has reported an interesting post-doc position. The opportunity details can be found here: <https://www.zintellect.com/Opportunity/Details/USDA-ARS-2021-0147>

Research Hydrologeologist position at Department of Geosciences, Boise State University

Boise State University in Idaho, USA is hiring a [Research Hydrologeologist](#) to work with the Idaho Department of Water Resources in their managed recharge program. This is an excellent opportunity for new MS graduates, or BS graduates with experience, to begin their career in water resources.

Please pass this announcement on to anyone who might be interested and qualified. Closing date is July 9, 2021.

Thanks Jim Professor McNamara for reporting.

Old publications on MAR (another drop of nostalgia...).

The selected drop has been ...
Managed Aquifer Recharge: The Solution for Water Shortages in the Fergana Valley

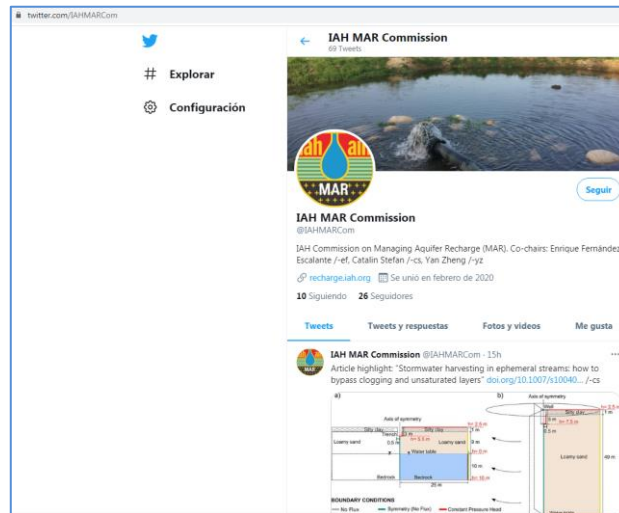

Download:
